Differential Geometry (Cherry)
Homework on the Intrinsic Geometry of Surfaces

Reading and Individual Study
Sections 4-1–4-5.

Course Evaluations
Please visit http://evaluate.unt.edu to see if there is a course evaluation for this course – there may not be because this is a reading course. If there is a course evaluation for this course, please complete the evaluation before the final exam.

Written Homework to turn in on Monday, April 30
4-3: 1, 6, 8,
4-4: 5, 6, 14, 15

Final Exam Information
The final exam will be Wednesday, May 9 from 5–7 p.m. The final will be open book. You will also be allowed one $8 \frac{1}{2} \times 11$ piece of paper (both sides) with whatever you want to write on it with writing no smaller than the equivalent of an 8 point font. You are allowed no other notes. You may work together before the final in creating your note sheet, but you must work on the final exam itself alone.
Expect 3–4 problems, some of which may be the same as (or very similar to) prior homework problems.
The final could cover material in the following sections of Do Carmo: 1-1–1-5, 2-1–2-5, 3-1–3-3, 4-1–4-4.

End of Term Office Hours: Monday, May 7, 1–4 p.m.,
Tuesday, May 8, 1–4 p.m.,
Wednesday, May 9, 1–4 p.m., 7–9 p.m.
Monday, May 14, 1–3 p.m.
and by appointment.
